# MK50 2024

Milton Keynes' top 50 largest  
privately-owned businesses

February 2023

# About MK50

We are delighted to re-launch Grant Thornton's MK50 report. MK50 is a study of the financial performance of the largest 50 (by turnover) privately-owned businesses in the Milton Keynes area. It seeks to highlight and celebrate the leaders of these businesses and provide them with the recognition they deserve for their contribution to the City and wider UK economy.

The diversity and vibrancy of the successful companies making it onto the list this year illustrates the entrepreneurial spirit of the City demonstrated by its status as one of the UK's five Fast Growth Cities.

We would like to congratulate every member of the MK50 on their inclusion in this year's report, and look forward to an exciting year ahead.

## Our methodology explained

MK50 2024 is compiled using the most recent publicly available accounts (as of Nov 2023) of Milton Keynes' private businesses (postcode range MK1 - MK19).

The report excludes companies that are listed, owned by listed businesses, schools, trusts, charities, and businesses that are subsidiaries of overseas companies. We have also compared our data to the prior year results of the featured businesses to provide an insight into economic trends and the performance of the population as a whole.

Inevitably, there is an unavoidable time delay between the availability of data utilised and the ultimate presentation of this report, alongside differing year-ends to consider.

“The diversity of the MK50 population has no doubt contributed to these impressive financial results despite the myriad of challenges business leaders have faced in recent years. It’s particularly promising to see continued investment in assets and people, positioning our MK50 businesses for future growth.”
